PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

WATER DIVISION

Water Branch

RESOLUTION NO. W-4357

October 24, 2002

R E S O L U T I O N

(RES. W-4357), ARROWHEAD MANOR WATER COMPANY, INC. (AMWC). ORDER AUTHORIZING AN OFFSET RATE INCREASE OF \$67,421 OR 23.7% IN ADDITIONAL REVENUE DUE TO CONTRACT WORK AND PURCHASED WATER COSTS.

SUMMARY

By Advice Letter 48-W, filed July 30, 2002, AMWC seeks to increase rates by \$67,421 or 23.7% to cover expenses incurred in contract work and purchased water costs. The increase will not result in a rate of return greater than last authorized for AMWC.

BACKGROUND

AMWC requests authority under Section VI of General Order 96-A and Section 454 of the Public Utilities Code to adjust rates to offset the increase in its contract work and purchased water costs.

The present rates of AMWC became effective on August 19, 2002, pursuant to Decision No. (D.) 02-07-009, which authorized a general rate increase of \$47,815 or 16.8%, and a 15% operating ratio.

AMWC is requesting recovery of \$67,421 through a one-time surcharge of \$120.39 per customer for the under collection of contract work and purchased water memorandum accounts as authorized in D.00-07-036.

NOTICE AND PROTESTS

Notice of the proposed surcharge was mailed to each customer on August 7, 2002. A total of 5 letters were received from customers in protest to this proposed surcharge. Almost all of the letters expressed concern over this surcharge increase.

DISCUSSION

D.00-07-036, dated July 20, 2000, which authorized an interim general rate increase of 87.6%, authorized AMWC to establish and maintain a purchased water memorandum account and a contract repair work memorandum account to track actual purchased water and contract work expenditures beginning with the effective date of the increased rate authorized in D.00-07-036. In addition, D.00-07-036 authorized AMWC to file advice letters by January 31 and July 31 each year seeking Commission approval for a customer billing surcharge or surcredit to collect or refund the accumulated amounts by which its actual, reasonable purchased water and contract repair work expenses in the memorandum accounts as of the preceding December 31 or June 30 deviate from the currently authorized amounts. In this advice letter, AMWC requests a one-time surcharge of \$120.39 per customer to recover a total of \$67,421 recorded in the purchased water and contract repair work memorandum accounts from January 1, 2002 through June 30, 2002, which exceeded the amounts currently authorized for purchased water and contract repair work over the same time period. The Water Division staff (Division) has reviewed AMWC's filing and finds the amount requested to be reasonable. However, to reduce the adverse impact of a one-time surcharge of \$120.39 per customer, Water Division recommends that the surcharge be spread over two billing periods charged at the rate of \$60.19 and \$60.20 respectively on each of the two bi-monthly bills.

Since AMWC has both flat rate and metered customers, AMWC is requesting recovery of the contract work and the purchased water memorandum accounts be recovered from the customers through a one-time surcharge. Division has no objection.

AMWC's Summary of Earnings, submitted with this advice letter, indicates AMWC is earning a negative rate of return. D.00-037-036 authorized AMWC a rate of return of zero percent. AMWC is not over earning its authorized rate of

return. This rate increase will not result in a return greater than that previously authorized.

FINDINGS

1. The Commission finds, after investigation by the Water Branch, that the rate increase hereby authorized is justified, and the resulting rate is just and reasonable.

THEREFORE IT IS ORDERED THAT:

1. Arrowhead Manor Water Company is authorized to file a supplemental advice letter to make effective the revised rate Schedules No. 1A, Annual Metered Service, and No. 2RA, Annual Residential Flat Rate Service, attached to this resolution as Appendix A, authorizing the utility to receive a surcharge of \$120.39 per customer to be spread over two separate bi-monthly billing periods charged at the respective rates of \$60.19 on one bill, and \$60.20 on the second bill. The effective date of the revised rate schedules shall be five days after the date the supplemental advice letter is filed.
2. Arrowhead Manor Water Company, Inc. is directed to maintain a balancing account as required by Public Utilities Code Section 792.5 and memorandum accounts as required by Decision 00-07-036.
3. This Resolution is effective today.

I certify that the foregoing resolution was duly introduced, passed, and adopted at a conference of the Public Utilities Commission of the State of California held on October 24, 2002; the following Commissioners voting favorably thereon:
